

LED LITERIBBON™ PRO KITS

Professional-Grade LED Lighting Kits.

Our new line of LiteRibbon™ Kits has been personally designed by professional Hollywood set lighting technicians to accommodate almost every need and every budget. For LiteGear newcomers and veterans alike, each kit contains the essentials for installing and controlling your LiteRibbon™. LiteRibbon™ Pro Kits make perfect additions to any set lighting truck and are even great for anyone from DOPs to set decorators who need specialty lighting at their fingertips.

LiteRibbon™ Pro Kits have been divided among four different types to suit different budgets and different needs: the Reality, Commercial, and Feature Kits each contain a collection of VHO Pro LiteRibbon™, a pack of Chroma LiteRibbon™ in Red, Green, Blue, and Amber, LiteStix Pro, and LitePower Packs, our all-inclusive power and control solutions. The Car Kit includes specifically selected lengths of VHO Pro LiteRibbon™ to fit into elements of a vehicle's interior as well as Chroma Red LiteRibbon™ supplied to simulate a "brake light." It also contains LiteStix Pro and LitePower Packs. See reverse for additional information.

THE REALITY KIT - Economical and ready to go.

THE COMMERCIAL KIT - The perfect travel companion to jump from job to job.

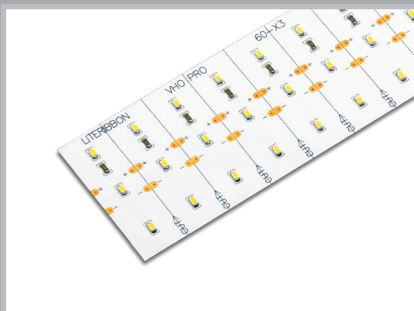

THE FEATURE KIT - An extensive collection of gear to get you started on any project.

THE CAR KIT - The ultimate automobile interior lighting kit.

LED LiteRibbon™, plug and play lighting

Genuine LED LiteRibbon™ is flexible, cuttable, and adhesive-backed - the simplest lighting product available.

LED LiteStix Pro, your mini diffused source

LiteRibbon™ Kits include everything you need to start using LED LiteRibbon™ in Tungsten, Daylite, and Hybrid white colors.

All the power and control you need

Each Pro Kit includes our LitePower Packs (pictured above) designed to be your all-inclusive power and control kit *within* a kit.
