

EXALUX™ CONTROL ONE offers up to 5 DMX applications in a single and compact box that can be powered with an external power supply (10-24VDC) ,a V-lock battery (14,4VDC) or a PowerBank (5VDC).

CONTROL ONE includes the FIXTURE APP which allows you to control up to 40 various fixtures in a simple and intuitive way. CONTROL ONE also includes the TX APP that allows to use the device as a CRMX transmitter.

CONTROL ONE works perfectly with the EXALUX™ CONNECT CRMX family such as RX100 and RX100s wireless receivers. CONTROL ONE also works perfectly with other CRMX devices available on the market.

EXALUX™ CONTROL ONE is your ideal companion to control your DMX devices on cinema sets. It is also perfect for small TV studio setups.
