

Max. lift beam elevation with Standard Level Head (SLE)	51.125 inches (129.858 cm)
Min. lift beam elevation with Standard Level Head (SLE)	13.75 inches (34.925 cm)
Min. lift beam elevation with Low Level Head (LHE)	3 inches (7.62 cm)
Vertical beam travel	33.375 inches (84.773 cm)
Lift beam capacity	200 pounds (90.72 kg)
Length	40 inches (101.6 cm)
Width - fully operational steering (wheels in)	20.375 inches (51.753 cm)
Width - fully operational steering (wheels out)	25.75 inches (65.405 cm)
Height (operating)	39.625 inches (100.648 cm)
Height (folded)	23.125 inches (58.738 cm)
Minimum turn radius (round steering)	16.188 inches (41.116 cm)
Minimum turn radius (conventional steering)	33.5 inches (85.09 cm)
Carrying weight	307 pounds (139.25 kg)
Maximum Dolly load capacity	900 pounds (408.23 kg)
Lifts per system charge	7
