

1 x 1

OFTEN IMITATED NEVER DUPLICATED

The original Litepanels 1x1™ fixtures introduced filmmakers, videographers, broadcasters and photographers to a new kind of light while simultaneously spawning an entire industry of copycat panels that have failed to meet the high standards set by Litepanels for quality and performance. Litepanels family of one-foot square LED arrays offer a number of options with daylight, tungsten, variable color and variable focus fixtures that output Litepanels signature full spectrum white light. Drawing only 40W and weighing just 3 lbs. (1.36kg), the heat-free 1x1 is a go-to tool on many productions.

Recently Litepanels introduced the LS line of 1x1s that offers the same quality of illumination and construction but at an entry-level price for those who don't need more studio-specific features. Add an Anton/Bauer or V-Mount battery adapter plate for hours of wireless illumination.

ADVANTAGES

- Extreme portability—Lightweight and compact
- AC or DC—Optional snap on battery adaptor plates
- Over 90% more power efficient than legacy lighting equipment
- *Cool to the Touch*™ thermal dynamics
- Optional honeycomb grids and barndoors
- Works equally well in confined spaces or high ceiling studios

1X1 SERIES

1X1

1x1 Mono

(US: 903-1001 / EU: 903-1101: Daylight Flood)
 (US: 903-1002 / EU: 903-1102: Daylight Spot)
 (US: 903-1003 / EU: 903-1103: Tungsten Flood)

The most popular Litepanels fixture. Available in Flood (50°) and Spot (30°) daylight balanced versions, and in a tungsten balanced Flood (50°) model.

1x1 Bi-Color

(US: 903-2013 / EU: 903-2113)
 The ultimate color control. From daylight to tungsten, or any color temperature in between. Both color temperature and dimming level can be set and adjusted from either on-fixture controls or via DMX.

1x1 Bi-Focus

(US: 903-2021 / EU: 903-2121)
 Adjustable beam angle control. The Flood/Spot (50°/30°) provides on-fixture and DMX control of beam angle and dimming.

1X1 LS

1x1 LS Mono

(US: 903-1011 / EU: 903-1111: Daylight Flood)
 (US: 903-1012 / EU: 903-1112: Daylight Spot)

Traditional 1x1 quality and features at an entry-level price for those who don't need DMX control. Available in daylight Flood (50°) or Spot (30°). Compatible with all 1x1 accessories.

1x1 LS Bi-Color

(US: 903-1013 / EU: 903-1113)
 A high quality, variable color fixture that adjusts from daylight to tungsten. Both color temperature and dimming level can be adjusted with on-fixture controls.

900-3017	Honeycomb Grid - 30°
900-3018	Honeycomb Grid - 45°
900-3019	Honeycomb Grid - 60°
900-3020	Honeycomb Grid - 90°
900-3021	4-way Barndoors

900-3000	CTO Gel Set (6-piece) with Carrying Bag (Full CTO, 1/2 CTO, 1/4 CTO, 1/8 CTO, Half White Diffusion, Opal Frost Diffusion)
900-3001	CTB Gel Set (6-piece) with Carrying Bag (Full CTB, 1/2 CTB, 1/4 CTB, 1/8 CTB, Half White Diffusion, Opal Frost Diffusion)

900-3002	Bi-Color Gel Set (6-piece) with Carrying Bag (1/4 CTO, 1/8 CTO, 1/4 CTB, 1/8 CTB, Half White Diffusion, Opal Frost Diffusion)
900-3015	1x1 Anton/Bauer Gold Mount Battery Adapter Plate
900-3014	1x1 V-Mount Battery Adapter Plate
900-3024	1x1 2-Lite Carrying Case
900-3025	1x1 4-Lite Carrying Case
